EASTER HAT PARADE

Our teaching staff work extremely hard to make sure that community involvement is a feature of our school. We aim to work closely with the P & C and other community groups to achieve great outcomes for our students and the wider school community. On Friday we calculated every possibility for our potential Easter Hat Parade on Wednesday 31 March. I am very excited to announce that we are now proceeding with the following events pending any further COVID-19 restrictions.

Kindergarten Easter Hat Parade – will commence at approximately 9:15am under the Hall COLA. Due to the 1.5m rule we can have up to two (2) parents / family members attend for each child in Kindergarten.

Stage 1 Easter Hat Parade – will be held under the Library COLA and will commence at approximately 9:45am following the conclusion of the Kindergarten parade. Due to the 1.5m rule we can have up to three (3) parents / family members attend for each child in Stage 1.

At this point in time Stages 2 & 3 have decided not to participate in the Easter Hat Parade but are allowed to watch the event under teacher supervision. Under the current guidelines every parent who attends on site is required to sign in twice. Once on the Service NSW QR code and then again on the COVID sign in register. This is because the school does not have access to the QR code data and cannot contact trace without the register. There will be sign on tables at the three entries to the school – both Takari Avenue entries & Scott Street.

TELL THEM FROM ME SURVEY

This term students in Year 4-6 are taking part in the Tell Them From Me student survey. The survey will provide us with valuable feedback on what our students think about school life, how engaged they are with school and the different ways that teachers interact with them. Schools in Australia and around the world have used the Tell Them From Me survey to help them improve. The survey is completed online and there will be a follow up survey in Term 3. An individual letter was sent home last week to all students in Year 4-6 with further information.

SCHOOL STRATEGIC PLANNING 2021 -2024

Last week our staff worked on developing the major initiatives and the success criteria for Strategic Direction 2 which we have named "Enhanced Teacher Capability". Our purpose for this strategic direction is to implement a school-wide teacher professional development program that focuses on strengthening teacher quality under the framework for High Impact Professional Learning (HIPL). Our focus will be on individual professional development planning that supports our school strategic vision and priorities whilst also supporting our staff to effectively plan for and evaluate their impact on the learning of their students. The major initiatives for this strategic direction will include consolidation of our Visible Learning Program and the introduction of HIPL initiatives designed to support the achievement of our student learning targets. These include whole staff involvement in a variety of Literacy and Numeracy programs including the Structured Phonics Program, QuickSmart Numeracy and the Anita Chin Mathematics program. Another feature of this strategic direction is a strong focus on individual teacher development and professional goal setting.

ASSET MANAGEMENT UPDATE

One of the long standing and unresolved issues from our school rebuilding program which ended in 2017 is the state of our basketball court which has deteriorated rapidly since it's installation. Late last week I was advised that Point Clare Public School is now going to be the recipient of funding to deliver the sports court remediation works project. The school applied for additional funding through the NSW Government's co-contribution Renewal Program and this has now been approved. Point Clare Public School is required to contribute 20% of the total costs of the project. This is a huge win for PCPS and I am extremely proud that I have been able to get the desired result for our school.

Additionally, our school improvement works as part of the Cooler Classrooms program are progressing to the next phase after the project engineers came and completed their final inspection for the proposed works in L Block and A Block. For this program the school committed \$50K in the 2018/2019 budget and has been rolling those committed funds over for the past two financial years.

Our newest General Assistant – Mr Greg Crowe- has been creating a fabulous path down near the bottom carpark in Takari Avenue. Once completed, the fence will be removed with the intention to eventually have a gated entrance. This pathway will become the major access point to the lower half of the school and will remove the danger and risks posed by students and visitors to the school having to walk through the carpark. I am sure everyone will agree that this is a much-needed upgrade to our school site.

STUDENT USE OF DIGITAL DEVICES AND ONLINE SERVICES

The Department of Education have released a new policy relating to student use of digital devices and on-line services. To reflect the new policy requirements, all schools need to update or develop a school procedure in consultation with the school community. During Term 2, 2021 Mrs Baldwin (ES1 Assistant Principal) will be leading the consultation process with our community, staff and students.

In the meantime, it is vitally important that families communicate with their children about the how to use digital technology in safe, responsible and respectful ways. Here are some key reminders for children and young people of how to stay safe online:

- Protect personal information, including name, address, school, email address, telephone number, pictures and other personal details
- Never share user names or passwords and only use your own
- Ask a teacher or other responsible adult for help if anyone online asks for personal information, wants to meet or offers money or gifts
- Let a teacher or other responsible adult know immediately if anything online that is suspicious, harmful or inappropriate
- Never hack, disable or bypass any hardware or software security, including any virus protection, spam and filter

Lots of Socks Day

(Celebrate World Down Syndrome Day)

On **MONDAY 22nd MARCH**, Point Clare Public School is recognising World Down Syndrome Day. It is a day to recognise that it is ok to be yourself and to celebrate the difference in others. As a school, we are going to be wearing our most **AMAZING** and **COLOURFUL** socks!

We will be learning about what Down Syndrome is, what it means to someone that has it, and what we can do when we meet someone that may look, or do things a bit different to ourselves.

Let's see how being **DIFFERENT** is a **GOOD** thing and something to be celebrated.

Money raised will go to Down Syndrome NSW to help support people of all ages who have Down Syndrome.

We look forward to celebrating this day with you!

Orders are delivered to the classrooms by our wonderful volunteers on Thursdays.

If your child is away your order will be left at the office for you to collect on any school day until the following Thursday.

EXCHANGES: Please leave any items that need to be exchanged in a labelled plastic bag at the office with a copy of your receipt. All tags must remain intact.

LOST PROPERTY: The lost property is stored in the blue cupboards opposite the bubblers next to the Canteen. It's a financial award given to a qualified recipient for a specific purpose.

What have we won a grant for in the past?

Successful grant applications for Point Clare have earned us a new dishwasher and an oven for the canteen as well as a voucher towards outdoor equipment.

How can you help?

We need our community's support to tell us about any opportunities that you see or hear through newsletters, social media, and the news as well as from your family, friends and colleagues. We also welcome any offers of assistance with drafting applications.
